## **Introduction**

Welcome to Lutherwood's Housing Services.

Our Housing Services team is working to reduce and prevent homelessness in Waterloo Region. We do this by focusing on each individual and their situation to help us provide the highest level of service possible.

We help families, couples and individuals aged 16 years or older to find and maintain affordable housing. This can include a meeting with a Housing Advisor who can assess your needs to housing stability services including support to maintain and secure new housing through loan or grant options.

Our Families in Transition team is a single access point for families who are seeking emergency shelter in Waterloo Region. Our FIT Counsellors will assess your eligibility, strengths and needs so that we can offer individualized resources and supports.

Behind the scenes, we have two teams working with individuals experiencing chronic Homelessness in Waterloo Region who have a greater depth of need. The Prioritized Access to Housing Support (PATHS) team works with local housing stability system partners and others to provide coordinated access prioritizing housing offers and connecting participants to housing. Once housed, our Home-Based Service (HBS) team works intensively with individuals to help them maintain housing.

## **Phone & Video Services**

**(as per Service Agreement)**

The use of technology can sometimes be a helpful way to provide service to you and your family, when meeting in person is not possible or suitable. However, before we agree to offer services (such as support or therapy) through phone or video options, it is important that you and your family understand and accept the risks and guidelines involved.

1. To ensure your privacy, you should choose a private and quiet place where our conversation cannot be overheard and free from distraction. When meeting by phone or video, there is a risk of others finding out about you working with Lutherwood if you did not want them to know.
2. You are asked not to record this session without the direct permission of everyone involved.
3. All individuals present for the phone or video session must be within view of the camera or acknowledge their presence so that everyone is fully aware of who is participating.
4. It is necessary to let staff know of your location and provide an emergency contact, and that in the event of an emergency, emergency services may be called to your location.
5. There could be interruptions in meetings due to technology or connection failures, and we will create a plan in advance for what to do if this happens.
6. Everything outlined in the service agreement that applies to in-person meetings also applies to phone and video meetings. Phone and video meetings will be summarized and entered into your file as part of your record, in the same way as in-person meetings.
7. Phone and video meetings are not always the best way to communicate and staff may decide that they are no longer appropriate. Face-to-face meetings with staff or other alternatives may be suggested if phone or video meetings are no longer suitable.
8. You are requested to use a private internet connection rather than public/free wifi, as this increases confidentiality and security.

However, it is also our experience that this is a unique opportunity to set goals, learn more about community supports and services and meet personal aspirations with the support of your worker.

## **Client Complaints Process**

At times, you may feel upset or unhappy about what happens while you're involved with Lutherwood's programs and services. Exploring your thoughts and feelings, even when they are negative is important. If, however, you have major concerns and feel that they are not being addressed, you have access to the Client Complaint Procedures outlined below.

Where there is a concern about the service you are receiving, Lutherwood needs to know and is committed to resolving all complaints.

There will not be any negative consequences as a result of making a complaint in good faith. Lutherwood is committed to ensuring that the complaint procedure is carried out in a timely fashion while recognizing some time may be needed to bring the necessary people together.

Lutherwood will support you to choose a staff member who will assist you with the client complaint process. The staff member is responsible for ensuring your concerns are clearly and accurately communicated in writing, and that you are able to access external support at any time throughout the process.

**STEP ONE:** The first step to resolve complaints is for you to talk with your designated staff.

**STEP TWO:** If you are dissatisfied with the response and feel your concerns have not been satisfactorily resolved, we will support you in contacting a Program Supervisor, Manager or Assistant Director or Director in that order. Staff will facilitate contact between you and one of the above individuals in a way that best supports you and the circumstances involved.

**STEP THREE:** Ongoing unresolved issues may be escalated to the Chief Executive Officer, or his/her designate either by phone or in writing. Staff will assist you in making contact or by providing you with contact information. The CEO will review the issue, seek perspectives from those involved to help resolve the complaint in a timely and equitable manner.

Each step will be acknowledged within 3-5 business days and resolved within 14 business days from point it was acknowledged. If meeting defined timelines is not possible, you will be notified verbally or in writing that it will take longer and the reason for the delay.

If your concerns cannot be addressed at Lutherwood, you may write to and/or call the Office of the Child and Family Services Advocacy. You can also, at any time, submit your concerns in writing to the Ombudsman, Member of Parliament or the Prime Minister. Lutherwood staff cannot read this correspondence.
